RESPONSE TO DENIAL OF REQUEST FOR CERTIFICATE OF CORRECTION

Sir:

Attached is a Communication recently received from the U.S. PTO indicating that a Request of Certification of Correction has been denied.

It is respectfully noted that the Second Request for Certificate of Correction (copy attached) filed on February 16, 2005 included a request that the U.S. PTO correct an error contained in the Certificate of Correction (copy attached) issued on February 8, 2005. In particular, the Certificate of Correction incorrectly indicates that a correction is made in the Title Page, item [57], line 33. That change, i.e., add -- patterns -- after "screen-printed" should instead be made to the Title Page item [57], line 3.

The Patentee does not at this time contest the U.S. PTO's refusal to correct the errors in item [56].

Should the appropriate representative of the U.S. PTO have any questions or concerns regarding the above, that representative is respectfully requested to telephone the undersigned at the number set forth below.

Respectfully submitted,

Kevin C. Brown

SECOND REQUEST FOR CERTIFICATE OF CORRECTION OF PATENT FOR PTO MISTAKE (37 C.F.R. § 1.322(a))

Sir:

On October 5, 2004, the patentees submitted a first Request for Certificate of Correction (copy attached). Attached is a copy of a Certificate of Correction issued by the U.S. PTO on February 8, 2005. The Certificate of Correction contains an error in that in the title page, Item [57], the change to "line 33" should instead be to "line 3."

In addition, the Certificate of Correction does not include the requested changes in Item (56). Also attached is a copy of a communication dated 1-19-05 from the U.S. PTO stating that "class and sub-class is not in conformance and not considered." The U.S. PTO does not indicate what it means by "not in conformance". Furthermore, the U.S. PTO has provided no reason as to why the class and sub-class information is included in eleven of the cited U.S. Patents and not in four of the cited U.S. patents.

In view of the above, it is respectfully requested that the U.S. PTO issue a new Certificate of Correction, correctly making all of the changes contained in the Form PTO-

COPY

1050 attached to the first Request for Certificate of Correction filed on October 5, 2004.

Should the appropriate representative of the U.S. PTO have any questions or concerns regarding the above, that representative is respectfully requested to telephone the undersigned at the number set forth below.

Respectfully submitted,

Re: Request for Certificate of Correction

Consideration has been given your request for the issuance of a certificate of correction, for the above-identified patent under the provision of Rule 1.322 or 1.323.

Respecting the alleged error, on the title page item (56) reference cited-not approved class/subclass of many of the prior arts submitted by the applicant are not current or updated. Therefore, no correction(s) is in order here under United States Codes (U.S.C.) 254 or 255 the Code of Federal Regulation (C.F.R.) R1.322 or R1.323.

In view of the foregoing, your request is hereby denied.

Further correspondence concerning this matter should be filed and directed to Decisions and Certificates of Correction Branch. Any response must be filed within a four week period.
